

## Aquatic Health Program Equivalent Equipment List

**Equivalent Diatomaceous Earth (DE) filters considered like-for-like replacements, provided that the square feet remain the same:**

- American Products Stainless Steel DE filters
- Pacfab Nautilus Stainless Steel DE filters
- Purex Triton Fiberglass DE filters
- Pacfab Fiberglass DE filters
- Pentair Fiberglass DE filters

**Note:** Changing the square feet of a DE filter is considered a remodel.

**Equivalent sand filters considered like-for-like replacement:**

- Purex triton, Pacfab and Pentair TR 100 and TR 140 are not like-for-like. The older filters had a different flow rate /filtration rate than the Pentair. The new filters have less filtration capacity.
- The old TR100 and TR140's must be replaced with TR100C or TR140C.
- TR100C = TR100B TR100-C3 AT100 (aqua tech) commercial or Triton II series.
- TR140C = TR100C 3 AT140 (aqua tech) commercial or triton II series.

**Note:** Old Purex Triton and Pacfab TR 100 TR 140 had different square feet and gallons-per-minute rates than the current Pentair sand filter models with the same model number. Facilities are required to apply for a remodel to ensure the correct flows are being met.

**Equivalent pumps considered like-for-like replacement:**

- Purex WFE 2 ½ hp = Pentair WFE 2 ½ hp
- Purex WFE 3 ¾ hp = Pentair WFE 3 ¾ hp
- Purex WFE 4 1 hp = Pentair WFE 1hp
- Purex WFE 6 1 ½ hp = Pentair WFE 6 1 ½ hp
- Purex WFE 8 2 hp = Pentair WFE 8 2hp
- Purex WFE 12 3 hp = Pentair WFE 12 3hp

**Equivalent multiport valves considered like-for-like replacement:**

- Pentair 2 inch hi flow = Purex multiport valve
- Old Pacfab 2 inch hi flow = Pentair push pull, slide valve or up and down valve

**Equivalent heaters that are considered like-for-like replacement:**

- Rheem is Raypack but they must have the same head loss as the old heater.

**Equivalent disinfectant feeders that are considered like-for-like replacements:**
