

Health cards are so last year.

So get with the program. The Body Art Program, that is.

If you are a tattoo, permanent makeup or body piercing artist, you are now required to get a **body art card**, which is as easy as **1-2-3**.

1) Apply for your card in person at the health district.

- Go to the Environmental Health Division's Body Art desk at our main facility, now located at 330 S. Valley View Blvd., Las Vegas.
- Pay the exam and card fees (\$138) at the time of application.
- Submit a completed Experience Verification Form and Employment Verification Form. *(If you don't have the experience needed, don't sweat it. We can give you an apprentice card until you get it. Continue to follow the same three steps.)*
- Make an appointment to take the certification test.

2) Take the test, and score 80 percent or higher.

- If you do not score at least 80 percent on the test, you can take it again; though all body art activities must stop until you receive a passing grade.

3) Take the required infectious disease training.

- You have 30 days to complete the training.
