

Public Health Update - H1N1 Influenza

August 18, 2009

As of Friday, August 14, 2009, the Southern Nevada Health District reports the following information regarding novel H1N1 case counts in Clark County:

Week Ending	Confirmed	Cumulative Cases
August 14	25	278
August 7	23	253
July 31	20	230
July 24	49	210
July 17	16	161
July 10	16	145

Clark County H1N1-related deaths to date: 7*

The health district is not reporting any additional deaths for the week ending Aug. 14.

One patient remains hospitalized. The Southern Nevada Health District continues to receive samples from its pediatric surveillance program.

-30-

**This number represents Clark County residents only. In early June, the health district reported the death of a hospitalized patient who was a resident of another state.*
