FOR IMMEDIATE RELEASE

Flu Shot Clinics Continue

(Las Vegas, Nev., - December 2, 2004) – Clark County Health District personnel vaccinated 2,801 individuals at its flu shot clinic today. This total includes flu vaccinations for children with pediatric doses now available. (A total of 8,639 vaccinations have been given at the health district clinic.) The health district received more than 10,000 adult doses and is confident it will have enough vaccine to meet the demand of another full-day clinic on Friday, December 3, 2004.

Pediatric doses are now available at these additional public health center locations:

- East Las Vegas Public Health Center, 560 N. Nellis Blvd., Suite E-12
- Henderson Public Health Center, 129 W. Lake Mead Dr., #10
- North Las Vegas Public Health Center, 1820 E. Lake Mead Blvd., Suite F

High-risk individuals eligible to receive the adult vaccine include:

- People aged 65 years and older
- People with underlying chronic medical conditions
- Women who will be pregnant during the influenza season
- Residents of nursing homes and long-term care facilities
- Health-care workers involved in direct patient care
- Out-of-home caregivers and adult household contacts of children aged <6 months
